Couture Table Plans

Our 'couture' table plans are designs that allow true unique flair and individuality, incorporating exquisite materials and embellishments created, as always, with ultimate attention to detail. Romantic and Feminine, Bold and Quirky yet always with an edge of simplicity and elegance our Couture plans exude the wow factor.

Handmade by the most experienced and capable members of our team our, stunning 'couture' embellishments showcase hand-executed techniques that delight our clients and amaze their guests.

From 'Guild Hearts' to Guild Handmade Roses' our designs range from the classically stylish and romantic to the dramatic and opulent.

Enjoy the following images and descriptions of table plans we've produced where wedding/event colour themes and our stunning embellishments have come together in a glorious way for our discerning clientele.

Guild Heart

Our Guild Heart is such a classic representation of love and a very popular design in all it's colour variations and permutations. Our 'Guild Hearts' are handmade in-house and are colour matched to the clients colour themes. Each heart is given a clear enamel glass-like finish (allowing the carefully chosen colour to shine through) with a bright silver or gold enamel for a lustrous metallic accent colour. No two hearts will be identical, as the enamels combine, but the final embellishments are truly beautiful and are crafted with skill, care and passion.

Aura Crystal

An 'Aura Crystal' embellishment begins life as a 'Guild Heart'. Once colour matched the finished heart embellishment is 'wrapped' with coordinating silver or gold wire and finished with a 'curl' of wire beneath the heart. A single Swarovski crystal adds the final eye catching detail to the 'Aura Crystal' design.

For those who love the hearts but like a little added sparkle and structure the 'Aura Crystal' is a lovely choice for your table plan and day stationery. Coordinating stationery is available in this design.

Aura Crystal Multi Aperture Table Plan

Aura Entwined

With a further step our Guild Heart becomes 'Aura Entwined' - our handmade heart is 'wrapped' with coordinating silver or gold wire and finished with a series of wire curves. A single Swarovski crystal adds the final sparkling detail.

The 'Aura Entwined' embellishment is positioned offset to the left of the table plan lists. Coordinating stationery is available in this design.

Love Cascade

Our 'Love Cascade' design continues the heart theme with our skilfully made beautiful hearts falling from a hand applied micro glitter cascade.

Handmade Rose

Our Guild Handmade Roses are each individually made to order and are colour matched in the same way as our Guild Handmade Hearts.

Each plan requires two more roses than the number of tables. With both matt and lustre 'finishes' no two are exactly the same and the results are simply breathtaking.

Packed with great care we also include instructions on how to unpack your plan safely.
