

DIY Save the Date

www.thehandcraftedcardcompany.co.uk

You will need:

- 'ENFOLIO' 141MM SQUARE CARDSTOCK: YOUR CHOSEN CARDSTOCK WILL END WITH C-3
- 'ENFOLIO' 147MM SQUARE CARDSTOCK: YOUR CHOSEN CARDSTOCK WILL END WITH C-4 OR (IF CHOOSING A CONTRASTING BASE) YOUR CHOICE OF A4 SHEETS OF CARD
- RIBBON (RIB31 OR RIB76) OR GLITTER TAPE IN A COLOUR (GT) OF YOUR CHOICE
- SELF ADHESIVE PEARL OR DIAMANTE HEARTS EM617-6 OR EM617-7
- EMBELLISHMENT OF YOUR CHOICE WE CHOOSE OUR SOMMA GEM HEART EM617-15
- DOUBLE SIDED TAPE OR ATG TAPE AND APPLICATOR GUN
- GEMTAC OR HOT GLUE GUN

A beautiful DIY Save the Date design that's easy to make using our word template.

1. Open the template in word, your page size should be 14.1cm square. Delete the little heart image if you're going to use a diamante/pearl heart to highlight your date. If you are using the heart image pop it over the date of your wedding. The calendar part is an image so this can't be altered.
2. The names 'Kate & Danny' are a text box so alter these to that of the Bride and Groom in a font that you like. Make sure this text is centred.
3. Print this onto your 141mm square card stock (you may need to check/test your printer settings).

4. Once printed run ATG tape or double sided tape on the reverse. Take a length of your glitter tape or ribbon (about 15.5-16cm long) and 'trap' this on the glue (make sure that it's level on the front). Add a little more glue over the edges of the ribbon and then attach to the 141mm base card.
5. Repeat this for all your save the dates - almost done, time for a Cup of Tea, chocolatey surprise.....or glass of wine??

6. Take your little Somma hearts and attach over the top of the ribbon in the centre and (if you've not used the sketched heart) peel and stick your diamante/pearl heart over your wedding date. If you choose a heavier embellishment this can be attached with gem-tac or with a hot glue gun.
7. Hey Presto, Ta Dahh.....all done.....Your Guests will be super impressed!!

WE DO OUR VERY BEST TO MAKE OUR RECIPES AND TEMPLATES ACCURATE BUT DO PLEASE TEST THEM FIRST TO ENSURE THEY WORK FOR YOU BEFORE ATTEMPTING A LARGE QUANTITY OF ITEMS. WE REGRET WE ARE UNABLE TO HELP WITH SPECIFIC ADVICE CONCERNING THE USE OF YOUR PRINTER.
