

'Diana & Ron' Recipe  
Facebook 15.4.13

You will need:

- CREASED CARD LARGE SQUARE (YOUR CHOSEN BOARD STOCK CODE WILL END IN CC-15)
- LACE (WE CHOSE TR09-1)
- EMBELLISHMENT (WE CHOSE DEPS-2)
- AN INSERT FOR YOUR INVITATION (YOUR CHOSEN PAPER STOCK CODE WILL END IN PS-66)
- GLUES - GEM-TAC & ATG OR DOUBLE SIDED TAPE

1. Print your text on your large square card (we chose our Ivory Pearl which is perfect for inkjet printing).
2. Fold your card and on the inside apply some glue (put the glue at the bottom RHS on the back of the front section) - ATG tape is good, but glue sticks will work too (just allow some drying time).

3. Attach your lace (or ribbon to this glue and take up on the inside, over the front and back onto the inside (having applied a little more glue), trim and allow time to dry or press firmly.
4. Apply Gem-Tac to your embellishment and place two thirds up the lace or ribbon (you can measure if you want it to be accurate).
5. Finally fold and attach your insert to your card and you're done :)
