

Table Plans — The Large and Small Plan

The Handcrafted Card Company Ltd

For larger weddings or events with a lot of guests or a large number of tables we also offer an alphabetical style of plan as an alternative and very effective solution when clarity of information is so important.

A multi-aperture table plan in this style is a large undertaking requiring 6 weeks notice but stunningly beautiful.

Equally beautiful and well suited to a shorter timescale are our 'Printed Alphabetical' table plans where tiny Swarovski crystals embellish the 'Title Names' or 'Event Title' and each 'Large Letter'.

We pride ourselves on detail and the quality of our boards, embellishments and frames. Different 'styles' of plan command different price structures but we never compromise the quality of the materials we use or the service we offer.
