

Place Card with Ribbon
and Diamante Buckle
Facebook 17.4.13

You will need:

- CREASED CARD PLACE CARD (YOUR CHOSEN BOARD STOCK CODE WILL END IN CC-18)
- EMBELLISHMENT (WE CHOSE DBH-7 OUR 'HEART DIAMANTE BUCKLE (MINI) VERTICAL BAR')
- BERISFORDS 10MM RIBBON BLACK SATIN RIBBON COL. 10, CODE RIB 3147
- GLUES - GEM-TAC (GL31) OR SUPER GLUE GEL (GL23)

1. Choosing a font that you like and that is easy to read print your guests' names on to your place cards being as formal or informal as you feel right for the occasion. You can use titles (Mr, Mrs, Ms. etc) but usually the first name and surname of the guest is all that's needed. If you choose just first names and there's more than one guest with that name just include an initial (e.g. Sarah G. and Sarah B.) Position the name slightly above centre.
2. Cut lengths of ribbon that will overlap by about 1cm when wrapped around the place card (so about 19cm-19.5cm)
3. Thread your ribbon through your buckle and position it approximately in the centre of the ribbon.
4. Make a template (a narrow strip of card will do) to help you position the ribbon each time, and glue one end of the ribbon onto the centre of the back of the place card. Let it dry.
5. Wrap the ribbon round and glue the ribbon in place just overlapping the other cut end of ribbon. Make sure the buckle's the right way up!
6. Check the position of the buckle and adjust so it's in the middle, crease the place card and stand it up.
7. Stand back and watch everyone calmly find their seats with no confusion whatsoever!

Easy Peasy!
